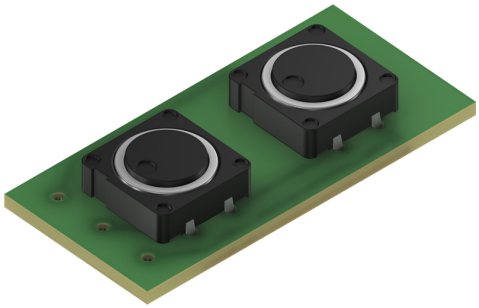
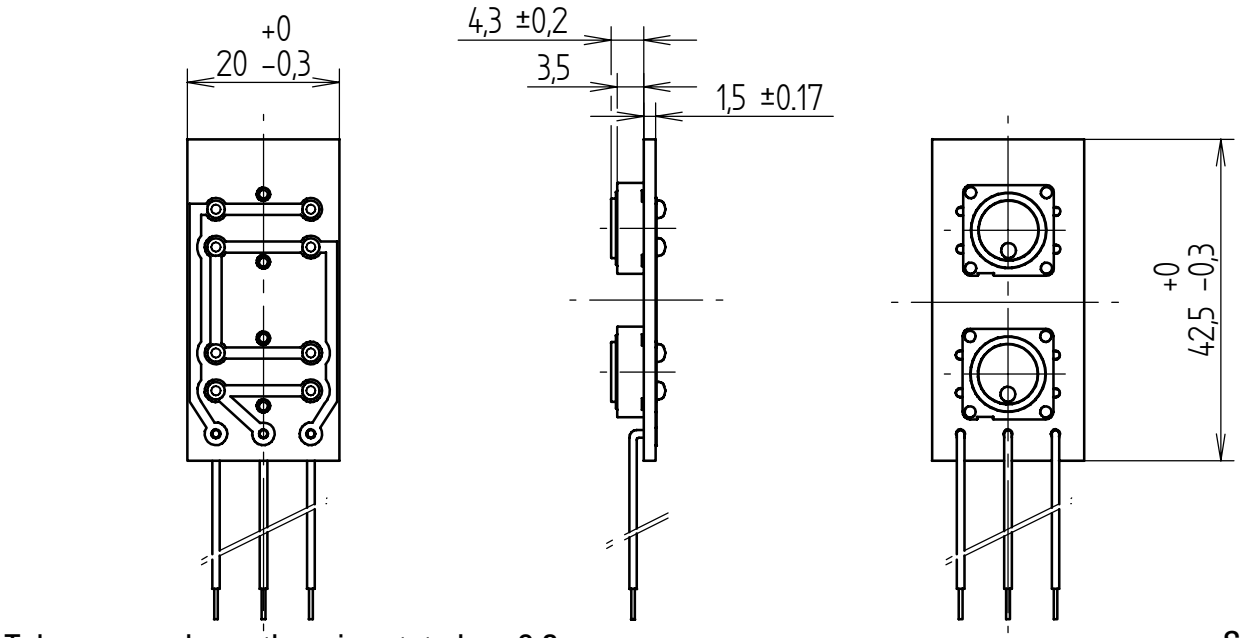
Switchboard for
Electronic Panel

Code 8949720401





Tolerances unless otherwise stated: ± 0.2

Scale: 1:1

This product is an example of our possibilities in the field of customized products.
The application was on an electronic soldering machine and the initial most important requeriments were:
1) Low investments in tooling
2) Flexibility for alternative executions
3) Very flat housing for actuating device
4) Connection by lead wires
After to our different proposals, the client ordered us the present product, which meets all requeriments. The different executions can be arranged, because of the low cost for changes on p.c.b.. Customer's panel knobs actuate the switches being displaced by those. Before submit product to client, our laboratory tested all prescribed parameters.
